

Event Report on Departmental Meet of Chemistry, 2021

The Department of Chemistry, Katwa College organized a Departmental Meet involving all the stakeholders (Present students, Alumni, Retired staff and Present staff) of the department on 07/02/2021 at the College Auditorium. The retired staff and alumni of the department were specially invited to attend the meet. The event started at 10.00 am with an opening song sung by the final semester students of the Department. Dr. Kedar Nath Mitra, the HOD, Chemistry, then welcomed the gathering with his special address.

The event was conducted in order to make a special bonding between all the stakeholders. It also gave the opportunity to our Alumni to celebrate and share their success and achievements. Almost all the alumni present in the meeting gave their valuable speeches from the dais. They shared their memories, their interesting and unforgettable moments of College Life to the Audience. The present students got very much benefitted from those speeches. They could also take some valuable suggestions/advice (for their career advancements) from those Alumni through personal interactions after the meet. The alumni were then taken on a department tour where they revisited the labs and classrooms they studied and were shown the various developments taken place since then.

At the event, some present students also performed classical dance and sang Rabindra Sangeet and Nazrul Geeti which made the event more colourful. Dr. Nirmalendu Sarkar, Principal of the College, also made his gracious present at the meet and gave his valuable speech regarding the importance of this type of event. The formal event was ended at ~2.00 pm with a 'Vote of Thanks' by Dr. Goutam Nandi, Assistant Professor of the Department, who also anchored the whole event. At the end, a refreshment lunch was organized at the department. It was wonderful to see everybody enjoyed the foods. Overall, the event was a great success.

Subject : Seeking permission for organization of a Departmental Get-together

Sir,

I would like to inform you that we the people associated with the chemistry department of Katwa College have taken a plan to organize a departmental get-together on coming 7th February, 2021. Ex-teachers, ex-support staff and ex-students of the department will also be invited to participate in this program. We have a plan to welcome our 1st semester Honours students and to felicitate the 6th semester pass out students in this program. The program will be organized from the contribution by the participants. Most importantly, I wish to inform you that COVID protocol will be strictly followed in this program. In this regard, I on behalf of all the teachers, support staff and students, seek your permission to allow us to organize this event and solicit your gracious presence to preside over the inaugural program. I on behalf of my department wish to request for your kind consent to allow us to use the Conference Hall (2nd floor, Administrative Building) for the program.

Future communication in this regard will be from Dr. Goutam Nandi, Convener of the departmental get-together program.

Your kind help is highly solicited.

With regards,

Kedar Mitra 11/01/21
